HAMMONTON FLOWER GARDENS

WM. SANDBERGEN, Prop.

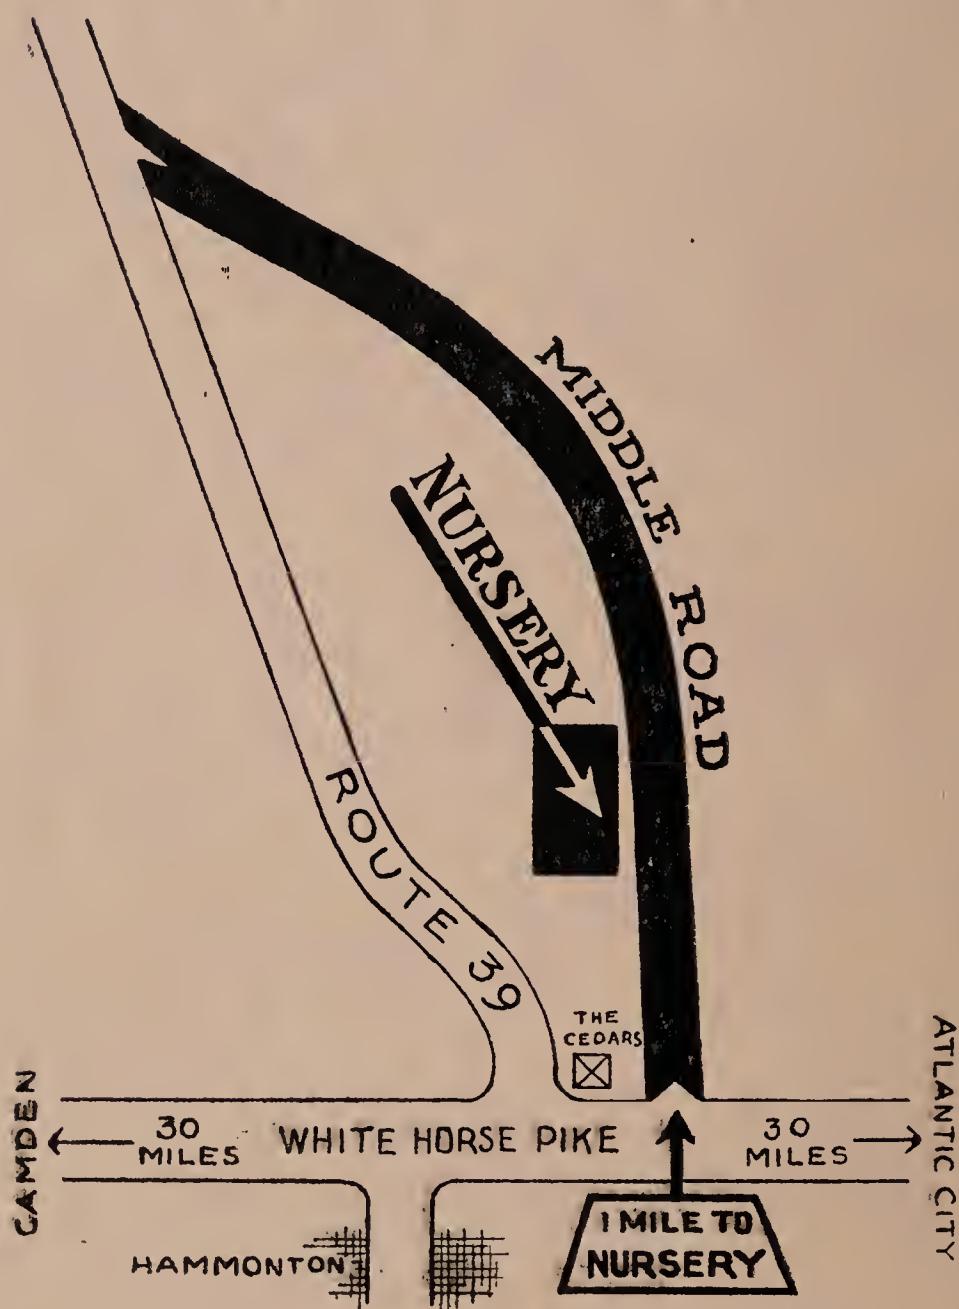

MIDDLE ROAD

HAMMONTON, NEW JERSEY

Phone Hammonton 492-J-3

OUR LOCATION

Our Nurseries are located on Middle Road, Hammonton, N. J., 1 mile from the well known White Horse Pike, turning left coming from Camden's direction, turning right coming from Atlantic City's direction.

INTRODUCTION

We thank you for your past patronage, and are sending you with pleasure our new catalog, and ask you to check its pages carefully.

QUALITY

The plants offered are all strong, transplanted, one year old, field grown, and are in many instances clumps.

VALUE

We only grow the choicer varieties of Perennials and Rock plants, eliminating the varieties which are in poor demand, and are actually a liability; therefore we can give you greater values. Our prices may not be the lowest, but are the lowest for the quality plants we ship.

GUARANTEE

We grow very few varieties from seed, only those that cannot be grown any other way, and by growing plants from divisions or cuttings, they are uniform and true to name and color. In case of error in filling your order, we will replace goods in question at our expense, but we will in no way be responsible for an amount greater than original price of goods.

SATISFACTION

If for any reason upon arrival of goods you are not satisfied with the plants we shipped you, notify us at once and we will adjust with you to your entire satisfaction. Our motto is: We do not ship any plants we would not like to receive ourselves.

TERMS

Accounts on approved credit are due in thirty days. Unknown correspondents must send cash with order or send two satisfactory references in the trade. If plants are wanted in a hurry, we suggest to send cash and references with first order, then plants will be shipped at once, and we will at once take up the question of shipping future orders on open account.

C. O. D.

Plants being perishable, we refuse to send goods C. O. D. unless 50 per cent of amount is sent with order to assure acceptance.

RATE

No less than 6 plants of one variety sell at dozen rate, 25 at 100 rate, 250 at 1000 rate. The 1000 rate is 9 times the 100 rate, for instances; plants listed at \$6.00 per 100, will be \$54.00 per 1000.

PACKING

We do not charge for packing.

General List of Hardy Perennials and Rock Plants

Varieties marked with an asterisk (*) are recommended for rock gardens.

Varieties marked † are recommended for cutting.

ACHILLEA Doz. 100

† <i>Boule de Neige.</i> Double white flowers, Good filler. 12 to 15 inches. June...	\$1.00	\$6.00
† <i>The Pearl.</i> Large double white flowers on strong erect stems. Good for sprays. 2 ft. entire summer	1.00	6.00
* <i>Tomentosa.</i> Bright yellow flowers, cushion effect foliage. 6 to 8 in. May-June	1.00	6.00

AETHIONEMA (Lebanon Candytuft)

* <i>Coridifolium.</i> Exquisite rock plant; shrubby, blue foliage. Light mallow purple flowers. 8 inches. June.....	3.00	
* <i>Grandiflorum.</i> Shrub-like rock plant, producing numerous dense spikes of rosy lilac flowers. 1 ft. June	1.50	10.00
* <i>Iberideum.</i> Gray, glaucous foliage with terminal clusters of white flowers. 6 inches. May	1.50	10.00

AGROSTEMMA

<i>Coronaria.</i> Violet flowers and gray woolly foliage. 2 ft. June-July.....	1.00	6.00
<i>Coronaria Alba.</i> A white variety of the foregoing	1.00	6.00

AJUGA

* <i>Brockbanki.</i> This rare variety, with its true bronze foliage is so conspicuous and gives such a contrast to other plants, that no garden seems complete without it. It has blue flowers. 6 inches. May	1.25	8.00
* <i>Genevensis.</i> Dense spikes of blue flowers. 6 inches. May-June.	1.00	6.00

ALYSSUM (Basket of Gold)

* <i>Saxatile compactum.</i> Excellent for the rockery or front of border. Masses of bright yellow flowers. 12 to 15 inches. April-May.	0.85	5.00
--	------	------

ANCHUSA

† <i>Italica Dropmore.</i> Tall spikes of gen- tian-blue flowers, resembling giant forget-me-nots. 4 ft. June-Sept.	1.00	6.00
--	------	------

Varieties marked * are recommended for rock gardens.
Varieties marked † are recommended for cutting.

ANCHUSA—Continued Doz. 100

***Myosotidiflora.** This variety entirely lacks the coarseness of the tall Anchusas. Abundance of dainty blue flowers, resembling forget-me-nots, borne in branchy sprays. 12 to 15 inches. May. \$1.10 \$7.00

ANEMONE (Pasque Flower)

***Pulsatilla.** An interesting plant for the rockery with its large violet lilac flowers. 9 to 12 inches. April-May. 1.25 8.00

AQUILEGIA (Columbine)

***Alpina.** This variety is of the short spurred form, having dark blue flowers. 1 ft. May-June 1.00 6.00

†**Mrs. Scott Elliott Strain.** This is undoubtedly the best strain. Wonderful colors and color combinations with very long spurred flowers. 2 to 3 ft. May-June 1.00 6.00

ARABIS (Rock Cress)

***Alpina.** One of the earliest Spring flowering plants. Very suitable for the rockery or border, with its masses of pure white flowers. 1 ft. April-May.. 1.00 6.00

ARENARIA

***Laricifolia.** Masses of white flowers. 4 inches. May-June 1.10 7.00

***Montana.** This plant forms a dense carpet of foliage and is covered with small white flowers during May.... 1.25 8.00

ARMERIA (Thrift or Sea Pink)

***Laucheana.** Compact tufts of grass-like foliage entirely covered with round heads of deep pink flowers borne on 6 inch stems during May and June and again in Sept. and Oct. 1.00 6.00

ARTEMESIA

†**Lactiflora.** An excellent hardy border plant, producing large, branching panicles of sweet scented, creamy white flowers. 3 to 4 ft. Aug.-Sept. 1.00 6.00

†**Silver King.** The best all around decorative hardy plant. Its bright silver-colored foliage is of great value as a filler for bouquets, sprays, etc. Can also be dried and used in the winter. Should not be cut until foliage has hardened off. 2½ ft..... 1.00 6.00

ASCLEPIAS

†**Tuberosa.** Very showy plants, producing umbels of bright orange colored flowers. 2 ft. July-Aug. 1.00 6.00

ASPHODELUS

Luteus. An effective plant for the border, with its fragrant yellow lily-like flowers. 3 ft. July 1.10 7.00

HARDY ASTER (Michaelmas Daisy)

Doz. 100

† Barr's Pink. This is of the Novae angliae type, a strong, vigorous grower, with the finest bright pink flowers of any Aster yet introduced. 4 ft. July-Sept.	\$1.10	\$7.00
† Climax. One of the best and showiest, with large pyramidal spikes of light lavender blue flowers. 4 ft. Sept... 1.00	1.00	6.00
St. Egwyn. This variety forms a compact bush, and during Sept. the foliage is entirely hidden by clear pink flowers. 2 ft.	1.00	6.00
The Queen. Vigorous grower, good for background. 5 ft. Mauve flowers. Sept.	0.85	5.00
† White Climax. A pure white form of Climax, but flowers are somewhat smaller. 3 ft.	1.00	6.00

ASTER, DWARF ALPINE

* Alpinus. Fine dwarf Aster, bearing large bluish purple flowers on 9 inch stems. May-June.	1.00	6.00
* Alpinus Albus. A white variety of the preceding.	1.00	6.00
* Mauve Cushion. This variety forms a circular cushion-like plant 2 ft. across, with only 9 inches in height. The flowers, of soft mauve, with silvery white reflection, measure over $1\frac{1}{4}$ inches in diameter, and cover the plant entirely during Oct. and Nov.	1.10	7.00

AUBRIETIA (False Wall Cress)

* Hybrida Grandiflora. A dwarf, free flowering rock plant with large flowers in various shades of blue and lavender. 4 inches. April-May.	1.10	7.00
---	------	------

BAPTISIA

† Australis. A strong growing plant, keeping its dark green foliage throughout the summer. Dark blue, lupine-like flowers. 3 ft. May-June	1.00	6.00
---	------	------

CALAMINTHA

* Alpina. A very pretty rock plant, producing a mass of blue flowers. 6 inches. June-July	1.00	6.00
---	------	------

CAMPANULA (Bellflower)

* Carpatica. Unsurpassed for the rockery or hardy border. Large clear blue flowers held erect on wiry stems. 9 inches. June to Oct.	1.00	6.00
* Carpatica Alba. A pure white form of the above.	1.00	6.00
† Medium (Canterbury Bell) Blue, pink, white; separate.	1.00	6.00
† Grandis. Very large blue flowers. 3 ft. June-July.	1.00	6.00

CAMPANULA—Continued Doz. 100

†**Persicifolia.** One of the best of the tall Campanulas, with large, blue, bell-shaped flowers. 2½ ft. June to Aug. \$1.00 \$6.00

***Rotundifolia Superba.** (Blue Bells of Scotland) Slender spikes of blue, bell shaped flowers growing from compact tufts of bright green foliage. 1 ft. June to Aug. 1.25 8.00

CARNATIONS—HARDY BORDER

Earliest Dwarf Vienna Prof. Malmgreen.
Brick Red 1.25 8.00
Earliest Dwarf Vienna Rose. 1.00 6.00
Earliest Dwarf Vienna White. 1.00 6.00

CATANANCHE

†**Coerulea.** Heads of pretty deep blue flowers on long stems. 2 ft. July-Sept. 1.00 6.00
†**Coerulea Alba.** White form of the preceding 1.00 6.00

CENTAUREA (Perennial Cornflower)

***Montana.** Large, violet-blue flowers. 2 ft. July to Sept. 1.00 6.00

***Tomentosum.** Silvery foliage which is covered with pure white flowers in May. 6 inches. 1.00 6.00

CHEIRANTHUS (Siberian Wallflower)

***Allioni.** Dazzling orange flowers from early Spring to late Fall. 1 ft. Best used as a biennial. 1.00 6.00

CHRYSANTHEMUMS

Barbara Cumming. Large full flower of the Decorative type over 3 inches across, clear yellow in color. It commences flowering in late Aug. and blooms profusely until late Oct. Height 2 ft. 1.50 10.00

†**Excelsior.** (Pompon) Vigorous grower, with clear yellow flowers, good for cutting. 4 ft. Oct. 1.00 6.00

†**Firebird.** (Pompon) Late-flowering, very hardy variety, with pleasing bronze flowers. 2½ ft. Oct.-Nov. 1.00 6.00

†**Mrs. Harrison.** (Pompon) Plant produces large clusters of full double pink flowers. Excellent for cutting. 3 ft. Oct. 1.00 6.00

†**Philadelphia Pink.** Early deep rose aster. 3 ft. 1.00 6.00

Purity. (Dec.) Very early large flowering white variety. 2½ ft. 1.00 6.00

†**Vivid.** A striking variety of medium height, with rosy crimson flowers of good size. Oct.-Nov. 1.50 10.00

CHRYSANTHEMUM MAXIMUM (Shasta Daisy)

Doz. 100

†Alaska. The best of the Shasta Daisies.

Large white flowers throughout the

summer. 2 ft. \$1.00 \$6.00

CONVALLARIA (See Lily-of-the-Valley)**COREOPSIS**†Grandiflora. Large bright yellow
flowers, entire summer. 3 ft. 0.85 5.00**DELPHINIUM**†Belladonna Improved. One of the best
hardy plants for cutting and forcing.
The tall spikes with turquoise blue
flowers always find a ready market.
4 ft. entire summer. 1.00 6.00†Bellamosum. This is a dark blue form
of the preceding. 1.00 6.00Chinense. A very pretty variety, with
fine, feathery foliage and intense gen-
tian-blue flowers. 1½ ft. All sum-
mer. 0.85 5.00Chinense Album. A pure white form of
the above 0.85 5.00†Lamartine. Vigorous grower. Its rich
dark blue flowers, are much larger
than those of Belladonna, and is an
excellent cutflower. 3 ft. entire sum-
mer. 1.25 8.00†Gold Medal Hybrids. First class strain
with its wide variety of colors. 4 ft.
all summer. 1.10 7.00†New Hollyhock Strain. This strain is
the finest obtainable anywhere, with
its enormous spikes of single and
double flowers, and should not be
omitted from your garden. 5 ft.
entire summer. 1.50 10.00**DIANTHUS***Deltoides Brilliant. A trailing rock
plant with crimson-red flowers, borne
on 6 inch stems. June-July. 0.85 5.00*Neglectus. A very choice rock plant;
bright carmine flowers with a buff
reverse. 6 inches. May-June 1.75 12.00*Plumarius. (Old-Fashioned Pinks) A
first rate mixture of fragrant, beauti-
fully frilled flowers in many colors.
12 to 15 inches. Entire summer .. 0.85 5.00*Sweet Wivelsfield. These new hybrids,
in their great variety of color, re-
semble dwarf Sweet Williams. 1.00 6.00**DIANTHUS BARBATUS (See Sweet William)****DIELYTRA OR DICENTRA***Formosa. (Plumy Bleeding Heart)
Beautiful finely cut foliage, and showy
racemes of pretty pink flowers through
the entire season. 15 inches. 1.00 6.00

DIELYTRA OR DICENTRA—Continued

Doz. 100

VINCA

(Periwinkle or Trailing Myrtle)

*Minor, Bowles Variety.	Much improv- ed over the well known Vinca Minor.	1.75	12.00
-------------------------	---	------	-------

VIOLA

*Jersey Gem.	This popular variety blooms from April until snow, produc- ing rich violet flowers. Propagated from original stock.	1.00	6.00
--------------	--	------	------	------

*Purple Glory.	This novelty, of which we are the originators, was introduced by us last fall. The flowers measur- ing 2 inches in diameter, are a Royal Purple with a velvety texture and a large canary-yellow eye. A won- derful improvement over the well known Jersey Gem. It blooms a week earlier and flourishes throughout the summer no matter how hot it is. Leading
